

Mr. Luis Diaz, Administrative Director
Mrs. Deborah Montilla, Executive Director
Ms. Chantal G. Osborne, Executive Director
Ms. Karen Boyce, Director
Mrs. Michelle Ulysses-Grant, Instructional Supervisor

The mission of the Division of Educational Opportunity and Access is to provide an environment for all students to become responsible, productive citizens, lifelong learners and positive contributors to society. Our schools are designed to enable the students to be successful.

REACHING FOR THE STARS IN SCIENCE EDUCATION AT THE ACADEMY FOR COMMUNITY EDUCATION

Students at the Academy for Community Education (ACE) are reaching for the stars and there is no limit to achievement in the Science Lab. ACE has established a climate in which faculty, staff, community members and business partners ensure that students' are prepared to succeed in Science at the post-secondary education level. To achieve this goal, students participate in hands-on activities that include scientific investigations, inquiry-based learning, brain-based learning, and an analysis of major and minor scientific theorems. In addition, an emphasis is placed on the underlying concepts that explain natural phenomena and how these concepts relate to globalization, personal and social experiences. Technology plays a fundamental role inside the Science Lab as it is utilized to assist students in the understanding of scientific concepts. Evaluations focus on scientific processes and attitudes through authentic tasks and attention to varied learning styles and needs.

Special thanks to Ms. Lynn Bauer of Bauer Financial, our business and community partner, who saw the need ACE had for lab coats and purchased them for our students. Ms. Bauer's generosity proves once again how important business and community partnerships are in successfully educating our students.

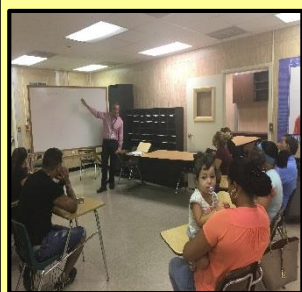

Holocaust Remembrance
Honoring those who survived and remembering those who perished.

DEOA Reaches Higher-College Decision Day

FLORIDA STATE SEMINOLES

Parent workshop on adolescent changes and ways to manage behavioral changes at the North Region Student Success Center.
